\* By submitting an entry, participants consent for We Share Solar to publish works with a first name, location, and age group.

# We Share Solar Suitcase

The We Share Solar® Suitcase is a stand-alone 12-volt DC solar power system.

Students build a Solar Suitcase as they learn about solar energy and global energy access.

Solar Suitcases are installed at schools without electricity or used for emergency preparedness.

## Contest Participants!

Where would you place a Solar Suitcase? Think big! How might a Solar Suitcase help people? Creative ideas welcome! How might a Solar Suitcase help your school or community? We want to hear from you! Submit a drawing, painting, poem, or short prose about the [We Share Solar Suitcase](mailto:education@wecaresolar.org) to [education@wecaresolar.org](mailto:education@wecaresolar.org).
