

The We Care Solar Suitcase[®]

Portable and powerful, the newest version of the Solar Suitcase was released in 2019 by We Care Solar, a nonprofit dedicated to improving safe childbirth by ensuring maternal health centers have clean, reliable electricity.

Building a better Solar Suitcase

Powerful 5-year, low maintenance Lithium-Ion battery

New electronic components throughout make the suitcase more robust and reliable.

New charge controller improves charging efficiency and allows more choices of solar panels.
